OUR MISSION – a species-appropriate animal feed for our pets

Philosophy

The health and vitality of our pets is a requirement and an obligation for us. We have made it our mission in life to create a species-appropriate animal feed. In our family company we use only natural ingredients with guaranteed proof of origin which forms the basis of our quality. Thanks to our many years of experience in the field of pet food, we can offer pet food that meets the requirements of pets with a clear conscience.

Quality

In our family company we place high demands on the basic components of our products. Our specially dried natural raw materials received through careful examination and continuous monitoring are ordered worldwide. These products are refined in our 10.500 m³ factory by various processes. Today well-known national and international clients rely on our quality at a fair price.

Responsibility

High-quality and innovative pet food promotes vitality, increases the well-being and strengthens the immune system of your pets. Nevertheless, after incorrect feeding arise – either by not tolerated Natural Products or due to high daily rations – negative consequences for your animals. To counteract this, you find an appropriate feeding recommendation as conspicuous hint on all packaging.

- ✓ Rich in proteins
- ✓ Many minerals and amino acids

Feeding recommendation:

Feed petifool Pea-flakes pure or mixed with the main food depending on the size of the animal up to 3 teaspoons per day.

Ingredients:

100% pea flakes

Available in:

Box: 230g/480ml (Item-No.: 990117)

CARROT

Supplementary food for all rodents

Analytical constituents	
Crude protein	8,3 %
Crude fat	1,7 %
Crude fibres	30,8 %
Crude ash	6,9 %

- ✓ **100% Natural**
- ✓ Free of dyes and preservatives
- ✓ High share of raw fibre
- ✓ Rich in vitamins and beta-carotene

Feeding recommendation:

Feed petifool carrot pure or mixed with the main food depending on the size of the animal 1 to 4 teaspoons per day.

Ingredients:

100% carrots

Available in:

Box: 160g/480ml (Item-No.: 990119)

QUERBEET

Supplementary food for all rodents

Available in:

Box: 130g/480ml (Item-No.: 990087)

- ✓ **100% Natural**
- ✓ Free of dyes and preservatives
- ✓ High share of raw fibre
- ✓ Rich in vitamins

Feeding recommendation:

Feed petifool Querbeet pure or mixed with the main food depending on the size of the animal up to 5 teaspoons per day.

Ingredients:

Carrot, beetroot, parsnip, tomato, cucumber, paprika

KÜRBISFARM

Supplementary food for all rodents

Available in:

Box: 130g/480ml (Item-No.: 990086)

- ✓ **100% Natural**
- ✓ Free of dyes and preservatives
- ✓ High share of raw fibre
- ✓ Rich in vitamins and minerals

Feeding recommendation:

Feed petifool Kürbisfarm pure or mixed with the main food depending on the size of the animal up to 4 teaspoons per day.

Ingredients:

Pumpkin, zucchini, cucumber

DANDELION ROOTS

Supplementary food for all rodents

Available in:

Box: 200g/1400ml (Item-No.: 990118)

- ✓ **100% Natural**
- ✓ Aided the abrasion of renewable tooth
- ✓ High share of raw fibre
- ✓ For optimum digestion

Feeding recommendation:

Feed petifool Dandelion roots pure or additionally to daily main food.

Ingredients:

100% dandelion roots

PARSLEY STALKS

Supplementary food for all rodents

- ✓ **100% Natural**
- ✓ Rich in natural vitamin C and calcium
- ✓ High share of raw fibre
- ✓ Increases the well-being

Feeding recommendation:

Feed petifool Parsley stalks pure or additionally to daily main food.

Ingredients:

100% parsley stalks

Analytical constituents	
Crude protein	14,5 %
Crude fat	2,4 %
